2. How Does the Surest Health Plan Work?

The Surest Health Plan (“Surest Plan”) design allows each Participant to make informed choices about their health care, cost, and coverage needs – in advance of receiving care. With the Surest mobile app and the Benefits.Surest.com website, Participants can search for available care, cost, and coverage options from any geographic location to choose the best option for them, or Participants can call Surest Member Services for assistance navigating their coverage options. Eligible employees and eligible dependents who properly enrolled in the Surest Plan are referred to as “Participants” in this SPD.

The Surest Plan has features that Participants already know and understand — including, for example: no deductible; simple copayments for Covered Health Services; an annual out-of-pocket maximum; and available comprehensive coverage.

When enrolled in the Surest Plan, coverage automatically includes substantial coverage of Physician and hospital services — including, for example: preventive care, Emergency and urgent care, office visits, inpatient and outpatient hospital visits, and prescription drugs. Coverage also provides substantial coverage for common and/or Medically Necessary services and treatments such as, maternity care, cancer treatment, and physical therapy, all of which are more fully described below.

Participants and the Plan Sponsor share in the cost of the Surest Plan. Your paycheck deduction amount depends on the dependents you choose to enroll.

3. Am I Eligible and How Do I Enroll?

ELIGIBILITY AND ENROLLMENT PROCEDURES

You are responsible for enrolling in the manner and form prescribed by your employer. The Plan's eligibility and enrollment procedures include administrative safeguards and processes designed to ensure and verify that eligibility and enrollment determinations are made in accordance with the Plan. From time to time, the Plan may request documentation from you or your Dependents in order to make determinations for continuing eligibility. The coverage choices that will be offered to you will be the same choices offered to other, similarly situated employees.

ELIGIBILITY REQUIREMENTS

An eligible employee is a person who is classified by the employer on both payroll and personnel records as an employee who is Regular Full-time or Regular Non-Union Part-time working at least 20 hours per week or ACA eligible working 30 hours per week, but for purposes of this Plan, it does not include the following classifications of workers except as determined by the employer in its sole discretion:

- Leased employees.
- Independent Contractors as defined in this Plan.
- Consultants who are paid on other than a regular wage or salary basis by the employer.
- Members of the employer's Board of Directors, owners, partners, or officers, unless engaged in the conduct of the business on a full-time, regular basis.

For purposes of this Plan, eligibility requirements are used only to determine a person's initial eligibility for coverage under this Plan. An employee may retain eligibility for coverage under this Plan if the employee is temporarily absent on an approved leave of absence, which may be combined with the employer's short-term disability policy, with the expectation of returning to work following the approved leave as determined by the employer's leave policy, provided that contributions continue to be paid on a timely basis. COBRA is not applicable until short-term disability is exhausted. Employees who meet eligibility requirements during a measurement period as required by the Affordable Care Act (ACA) regulations will be deemed to have met the eligibility requirements for the corresponding coverage period as required by the ACA regulations. The employer's classification of an individual is conclusive and binding for purposes of determining eligibility under this Plan. No reclassification of a person's status, for any reason, by a third party, whether by a court, governmental agency, or otherwise, without regard to whether or not the employer agrees to such reclassification, will change a person's eligibility for benefits.

- An eligible dependent includes:
 - Your legal spouse, provided they are not covered as an employee under this Plan. An eligible dependent does not include an individual from whom you have obtained a legal separation or divorce. Documentation on a covered person's marital status may be required by the Plan Administrator.

Am I Eligible and How Do I Enroll?

- A dependent child until the child reaches their 26th birthday. The term “child” includes the following dependents:
 - A natural biological child;
 - A stepchild;
 - A legally adopted child or a child placed with the employee for adoption, as granted by a licensed adoption agency or a court of law, provided the child has not attained age 26 as of the date of coverage;
- A child under your (or your spouse's) legal guardianship as ordered by a court;
 - A child who is considered an alternate recipient under a Qualified Medical Child Support Order (QMCSO);
- A dependent does not include the following:
 - A foster child;
 - A child of a domestic partner or a child under your domestic partner’s legal guardianship;
 - A domestic partner;
 - A dependent child if the child is covered as a dependent of another employee at this company;
 - Any other relative or individual unless explicitly covered by this Plan.

Note: An employee must be covered under this Plan in order for dependents to qualify for and obtain coverage.

Eligibility Criteria: To be an eligible totally disabled dependent child, the following conditions must all be met:

- A totally disabled dependent child age 26 or over must be dependent upon the employee for more than 50 percent of their support and maintenance. This financial requirement does not apply to children who are enrolled in accordance with a Qualified Medical Child Support Order because of the Employee's divorce or separation decree.
- A totally disabled dependent child age 26 or over must be unmarried.
- **NON-DUPLICATION OF COVERAGE:** Any person who is covered as an eligible employee will not also be considered an eligible dependent under this Plan.

RIGHT TO CHECK A DEPENDENT'S ELIGIBILITY STATUS: The Plan reserves the right to check the eligibility status of a dependent at any time throughout the year. you and your dependent have an obligation to notify the Plan should the dependent's eligibility status change during the Plan Year. Please notify your Human Resources Department regarding status changes.

EXTENDED COVERAGE FOR DEPENDENT CHILDREN

A dependent child may be eligible for extended dependent coverage under this Plan under the following circumstances:

- The dependent child was covered by this Plan on the day before the child's 26th birthday; or
- The dependent child is a dependent of an employee newly eligible for the Plan; or
- The dependent child is eligible due to a special enrollment event or a qualifying status change event, as outlined in the Section 125 Plan.

The dependent child must also fit the following category:

If you have a dependent child covered under this Plan who is under the age of 26 and totally disabled, either mentally or physically, that child's health coverage may continue beyond the day the child would otherwise cease to be a dependent under the terms of this Plan. You must submit written proof that the child is totally disabled within 30 calendar days after the day coverage for the Dependent would normally end. The Plan may, for three years, ask for additional proof at any time, after which the Plan may ask for proof not more than once per year. Coverage may continue subject to the following minimum requirements:

- The dependent must not be able to hold a self-sustaining job due to the disability; and
- Proof of the disability must be submitted as required (Notice of Award of Social Security Income is acceptable); and
- The employee must still be covered under this Plan.
- A totally disabled dependent child older than 26 who loses coverage under this Plan may not re-enroll in the Plan under any circumstances.

IMPORTANT: It is your responsibility to notify the Plan Sponsor within 60 days if your dependent no longer meets the criteria listed in this section. If, at any time, the dependent fails to meet the qualifications of a totally disabled dependent, the Plan has the right to be reimbursed from the dependent or employee for any medical claims paid by the Plan during the period that the dependent did not qualify for extended coverage. Please refer to the COBRA Continuation of Coverage section in this document.

Employees have the right to choose which eligible dependents are covered under the Plan.

4. When Does My Coverage Begin and End?

SPECIAL ENROLLMENT PROVISION

Under the Health Insurance Portability and Accountability Act

This Plan gives an eligible person special enrollment rights if the person experiences a loss of other health coverage or a change in family status as explained below. The coverage choices that will be offered to You will be the same choices offered to other, similarly situated Employees.

LOSS OF HEALTH COVERAGE

You and your dependents may have a special opportunity to enroll for coverage under this Plan if You experience a loss of other coverage.

In order for you to be eligible for special enrollment rights, you must meet the following conditions:

 - COBRA continuation coverage and that coverage was exhausted; or
 - Terminated because the person was no longer eligible for coverage under the terms of that plan or policy; or
 - Terminated and no substitute coverage was offered; or

You or your dependents may not enroll for health coverage under this Plan due to loss of health coverage under the following conditions:

When Does My Coverage Begin and End?

- Coverage was terminated due to failure to pay timely premiums or for cause, such as making a fraudulent claim or an intentional misrepresentation of material fact, or

The employee must request and apply for coverage within 30 calendar days of the marriage, birth, adoption, or placement for adoption.

EFFECTIVE DATE OF COVERAGE UNDER SPECIAL ENROLLMENT PROVISION

If an eligible person properly applies for coverage during this special enrollment period, the coverage will become effective as follows:

As permitted by the Patient Protection and Affordable Care Act, the Plan reserves the right to rescind coverage. A rescission of coverage is a retroactive cancellation or discontinuance of coverage due to fraud or intentional misrepresentation of material fact.

A cancellation/discontinuance of coverage is **not** a rescission if:

- it has only a prospective effect;
- it is attributable to non-payment of premiums or contributions; or
- it is initiated by you or your personal representative.

REINSTATEMENT OF COVERAGE

- If your coverage ends due to termination of employment, leave of absence, reduction of hours, or layoff and you qualify for eligibility under this Plan again (are rehired or considered to be rehired for purposes of the Affordable Care Act) within 13 weeks from the date your coverage ended, your coverage will be reinstated. If your coverage ends due to termination of employment, leave of absence, reduction of hours, or layoff and You do not qualify for eligibility under this Plan again (are not rehired or considered to be rehired for purposes of the Affordable Care Act) within 13 weeks from the date your coverage ended, and you did not perform any hours of service that were credited within the 13-week period, you will be treated as a new hire and will be required to meet all the requirements of a new employee. Refer to the information on the Family and Medical Leave Act and the Uniformed Services Employment and Reemployment Rights Act for possible exceptions, or contact your Human Resources or Personnel office.

4.3 Leave of Absence

Please contact your Plan Administrator's representative for details on how your coverage is handled and if/when your coverage ends if you take a leave of absence.

When Does My Coverage Begin and End?

If you are absent from work due to an approved family or medical leave under the Family and Medical Leave Act of 1993 (FMLA), coverage may be continued for the duration of the approved leave of absence as if there was no interruption in employment. You are responsible for all required premium contributions for the Surest Plan while on a leave of absence. Such coverage will continue until the earlier of the expiration of such leave or the date you notify your employer that you do not intend to return to work.

If you do not return after an approved leave of absence, you may be eligible to continue coverage, provided that you elect to continue coverage according to Section 10 (Continuation of Coverage) of this SPD. If the covered employee returns to work immediately following his/her approved FMLA leave, no new waiting periods will apply.

5. What Are My Benefits?

Claims for Benefits under the Surest Plan are payable only for Covered Health Services that are Medically Necessary.

The total cost of Covered Health Services is shared between you and the Plan Sponsor. Your share consists of paycheck deductions and copayments. The Surest Plan does not have a deductible or coinsurance. Your Surest Plan does have an out-of-pocket maximum which is the maximum amount of copayments you will pay each Plan Year for Covered Health Services. Your paycheck deductions do not count against the Surest Plan's out-of-pocket maximum.

Your premium contributions are on a before-tax basis, or in other words, before federal income and Social Security taxes are withheld, and in most states, before state and local taxes are withheld. This gives your paycheck deductions a special tax advantage. Your paycheck deductions are subject to review, and the Plan Administrator reserves the right to change your paycheck deduction amount from time to time. You can obtain current paycheck deductions by contacting the Plan Administrator.

Surest assigns prices to Covered Health Services. These prices are also referred to as copayments. Your copayments for Covered Health Services are listed in Section 5.1 (Covered Health Services), Section 13 (Outpatient Prescription Drugs), and on the Surest mobile app and Benefits.Surest.com website.

The Surest Plan provides Benefits for the remainder of the amount billed by your in-network Provider for Covered Health Services after any discounts are applied.

Discounts are negotiated with in-network Providers. If you use an in-network Provider, you may be responsible for lower copayments and the Provider may not charge you any additional fees. If you use an out-of-network Provider, you may be responsible for (in addition to your higher out-of-network copayment) all amounts that exceed the usual and customary amount, when applicable. Out-of-network Providers may be permitted to bill you for the difference between what the Plan agreed to pay and the full amount charged for a Covered Health Service. This is called "balance billing."

Once your total copayments reach your applicable out-of-pocket maximum, the Surest Plan provides Benefits at 100% of Eligible Expenses for the remainder of the Plan Year, except for amounts you pay for out-of-network Covered Health Services in excess of the usual and customary amount, when applicable. Amounts in excess of usual and customary charges are not counted towards your out-of-pocket maximums.

In-Network Benefits

As a Participant in the Surest Plan, you may choose any eligible Provider of health services each time you need to receive a Covered Health Service. The choices you make may affect the amount you pay, as well as the level of Benefits you receive. You will receive the highest level of Benefits from the Surest Plan (and in most instances, your out-of-pocket expenses will be far less) when you receive care from in-network Providers. The Surest Plan's credentialing

What Are My Benefits?

process confirms public information about the Providers' licenses and other credentials, but does not assure the quality of their services. The Providers are independent practitioners and entities that are solely responsible for the care they deliver. The Surest Plan features a large network of in-network Providers which can be found in the Surest mobile app or Benefits.Surest.com website or call Surest Member Services for assistance.

These in-network Providers will:

1. File Claims for Benefits for you.
2. Accept payment based on the discounted rate previously negotiated.

In-network Providers are responsible for obtaining Prior Authorization, Pre-Admission Notification, pre-admission certification for planned inpatient admissions, and/or Emergency admission notification requirements for you. Therefore, it is important that you confirm the Provider's status before you receive services as a Provider's network status may change. For current in-network Provider information, refer to the Surest mobile app or Benefits.Surest.com website or call Surest Member Services for assistance.

If there is not provider within 30 miles of your resident address who is willing or able to provide the necessary service, then you may be eligible for the same copayment that would apply if the Covered Health Service had been provided from an in-network Provider.

If you receive health care services from an out-of-network Provider and were informed incorrectly by the Claims Administrator prior to receipt of the Covered Health Service that the Provider was an in-network Provider, either through the Surest Plan database, provider directory, or in the Claims Administrator's response to your request for such information (via telephone, electronic, web-based or internet-based means), you may be eligible for the same copayment that would apply if the Covered Health Service had been provided from an in-network Provider.

You must show your member identification "ID" card every time you request health care services from an in-network Provider. Your member ID card can be found on the Surest mobile app; you will also receive an actual member ID card in the mail. If you do not show your member ID card, in-network Providers have no way of knowing that you are enrolled under the Surest Plan. As a result, they may bill you for the entire cost of the services you receive.

We have agreements in place that govern the relationship between us, our Plan Sponsors and in-network Providers, some of which are affiliated Providers. In-network Providers enter into agreements with us to provide Covered Health Services to Participants. Do not assume that an in-network Provider's agreement includes all Covered Health Services. Some in-network Providers contract with Surest to provide only certain Covered Health Services, but not all Covered Health Services. Some in-network Providers choose to be an in-network Provider for only some of our Covered Health Services. Refer to the Surest mobile app or Benefits.Surest.com website or call Surest Member Services for assistance.

For in-network benefits for Covered Health Services provided by an in-network Provider, except for your copayment obligations, you are not responsible for any difference between the Eligible Expense and the amount the Provider bills. Eligible Expenses are based on the following:

What Are My Benefits?

- When Covered Health Services are received from an in-network Provider, Eligible Expenses are the Claim Administrator's contracted fee(s) with that Provider.
- When Covered Health Services are received from an out-of-network Provider as arranged by the Claims Administrator, Eligible Expenses are an amount negotiated by the Claims Administrator or an amount permitted by law. Please contact the Claims Administrator if you are billed for amounts in excess of your applicable copayment. Surest will not pay excessive charges or amounts you are not legally obligated to pay.

Out-of-Network Benefits

The Surest Plan generally provides Benefits for medical Claims incurred with an out-of-network Provider at a lower level. As a result, if you choose to seek Covered Health Services out-of-network, except as described below, you will be responsible for the difference between the amount billed by the out-of-network Provider or facility and the amount Surest determines to be the Eligible Expense for reimbursement (plus any applicable copayments). The amount in excess of the Eligible Expense could be significant, and this amount will NOT apply to the out-of-network out-of-pocket maximum. You may want to ask the out-of-network Provider about their billing practices before you receive care.

- For Covered Health Services that are ***Ancillary Services received at certain in-network facilities on a non-Emergency basis from out-of-network Providers***, you are not responsible (and the out-of-network Provider may not bill you) for amounts in excess of your copayment which is based on the Recognized Amount as defined in Section 12 (Glossary).
- For Covered Health Services that are ***non-Ancillary Services received at certain in-network facilities on a non-Emergency basis from out-of-network Providers who have not satisfied the notice and consent criteria as described below***, you are not responsible (and the out-of-network Provider may not bill you) for amounts in excess of your copayment which is based on the Recognized Amount as defined in Section 12 (Glossary).
- For Covered Health Services that are ***Emergency Health Services provided by an out-of-network Provider***, you are not responsible (and the out-of-network Provider may not bill you) for amounts in excess of your applicable copayment which is based on the Recognized Amount as defined in Section 12 (Glossary).
- For Covered Health Services that are ***air ambulance services provided by an out-of-network Provider***, you are not responsible (and the out-of-network Provider may not bill you) for amounts in excess of your applicable copayment which is based on the rates that would apply if the service was provided by an in-network Provider.

Eligible Expenses are determined solely in accordance with the Claims Administrator's reimbursement policy guidelines or as required by law. The Claims Administrator develops the reimbursement policy guidelines, in the Claims Administrator's discretion, following evaluation and validation of all Provider billings in accordance with one or more of the following methodologies:

What Are My Benefits?

- As indicated in the most recent edition of the Current Procedural Terminology (CPT), a publication of the American Medical Association, and/or the Centers for Medicare and Medicaid Services (CMS).
- As indicated in the most recent editions of the Healthcare Common Procedure Coding System (HCPCS), or Diagnosis-Related Group (DRG) Codes.
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants pursuant to other appropriate source or determination that the Claims Administrator accepts. In-network Providers are reimbursed based on contracted rates. Out-of-network Providers are reimbursed at a percentage of the published rates allowed by CMS for Medicare for the same or similar service within the geographic market.

When Covered Health Services are received from an out-of-network Provider as described below, Eligible Expenses are determined, as follows:

- **For non-Emergency Covered Health Services received at certain in-network facilities from out-of-network Providers** when such services are either Ancillary Services, or non-Ancillary Services that have not satisfied the notice and consent criteria of section 2799B-2(d) of the *Public Health Service Act* with respect to a visit as defined by the Secretary, the Eligible Expense is based on either:
 - The reimbursement rate as determined by applicable federal or state law or by an applicable state *All Payer Model Agreement*.
 - The reimbursement rate as determined by state law.
 - The initial payment made by the Claims Administrator or the amount subsequently agreed to by the out-of-network Provider and the Claims Administrator.
 - The amount determined by *Independent Dispute Resolution (IDR)*.

For the purpose of this provision, "certain network facilities" are limited to a hospital (as defined in 1861(e) of the *Social Security Act*), a hospital outpatient department, a critical access hospital (as defined in 1861(mm)(1) of the *Social Security Act*), an ambulatory surgical center as described in section 1833(i)(1)(A) of the *Social Security Act*, and any other facility specified by the Secretary.

IMPORTANT NOTICE: For Ancillary Services, and for non-Ancillary Services provided without notice and consent, you are not responsible, and an out-of-network Provider may not bill you, for amounts in excess of your applicable copayment which is based on the Recognized Amount as defined in Section 12 (Glossary).

- **For Emergency health care services provided by an out-of-network Provider**, the Eligible Expense is based on either:
 - The reimbursement rate as determined by applicable federal or state law or by an applicable state *All Payer Model Agreement*.
 - The reimbursement rate as determined by state law.
 - The initial payment made by us or the amount subsequently agreed to by the out-of-network Provider and us.

What Are My Benefits?

- The amount determined by *Independent Dispute Resolution (IDR)*.

IMPORTANT NOTICE: You are not responsible, and an out-of-network Provider may not bill you, for amounts in excess of your applicable copayment which is based on the Recognized Amount as defined in Section 12 (Glossary).

 - The reimbursement rate as determined by state law.
 - The initial payment made by the Claims Administrator or the amount subsequently agreed to by the out-of-network Provider and the Claims Administrator.
 - The amount determined by *Independent Dispute Resolution (IDR)*.

IMPORTANT NOTICE: You are not responsible, and an out-of-network Provider may not bill you, for amounts in excess of your copayment which is based on the rates that would apply if the service was provided by an in-network Provider which is based on the Recognized Amount as defined in Section 12 (Glossary).

IMPORTANT NOTICE: Out-of-network Providers may bill you for any difference between the Provider's billed charges and the Recognized Amount as defined in Section 12 (Glossary).

Out-of-network Benefits apply to Covered Health Services that are provided by an out-of-network Provider, or Covered Health Services that are provided at an out-of-network facility. If you are using an out-of-network Provider, you are responsible for ensuring that any necessary Prior Authorizations and Pre-Admission Notifications have been obtained, or the services may not be covered by the Surest Plan.

If the Claims Administrator confirms that care is not available from an in-network Provider, the Claims Administrator will work with you to coordinate care through an out-of-network Provider as outlined in the written policy established by the Claims Administrator. Covered Health Services rendered by an out-of-network Provider will be processed at the in-network Benefit level when there are no available in-network Providers. Requests for this Benefit should be made by calling Surest Member Services at the number on your member ID card **before** you obtain such services.

Out-of-network Providers are not required to file Claims with Surest. If you get Covered Health Services outside of the Surest network and the Provider and/or facility requires that you remit the full amount, contact Surest Member Services for a Claim form to file a Claim for reimbursement. This may require an itemized bill from the Provider.

What Are My Benefits?

Depending on the service you receive and the Provider you receive it from, you may have access to a discount through the network partner's Shared Savings Program for out-of-network Providers. As part of this program, some Providers have agreed to discount their charges for Covered Health Services. If you receive Covered Health Services from these Providers, the out-of-network copayment will remain the same as for receiving Covered Health Services from out-of-network Providers who have not agreed to discount their charges; however, the total that you owe may be less when you receive Covered Health Services from Shared Savings Program Providers than from other out-of-network Providers because the Eligible Expense may be a lesser amount. These discounts are not always known until the service is rendered and cannot be determined in advance.

Copayments

A copayment is the amount you pay each time you receive certain Covered Health Services. The table below describes how your coverage works and includes copayments applicable to the Covered Health Services you choose. Some copayments are listed as a range. Surest assigns Provider copayments within the ranges based on the Surest analysis of treatment outcomes and cost information that identifies Physicians, clinics, and hospitals that provide cost-efficient care.

For current Provider-specific copayment information, Participants should check the Surest mobile app or Benefits.Surest.com website or call Surest Member Services prior to utilizing any services covered under the Surest Plan.

The full range of copayments displayed may not be available in all geographical areas or for all services. You can find Provider-specific copayment amounts by utilizing the 'Search tool' on the Surest mobile app or Benefits.Surest.com website or call Surest Member Services.

You may also be eligible for reduced copayments for certain Benefits and for specific focused programs if you use in-network Providers that Surest has designated as preferred, high-value Providers.

The primary result of the procedure is not a changed or improved physical appearance.

Procedures that correct an anatomical congenital anomaly without improving or restoring physiologic function are considered Cosmetic procedures. An example is upper eyelid surgery. At times, this procedure will be done to improve vision, which is considered a Reconstructive procedure. In other cases, if improvement in appearance is the primary intended purpose, this would be considered a Cosmetic procedure. The Surest Plan does not provide Benefits for Cosmetic services or procedures.
- The fact that a Participant may suffer psychological consequences or socially avoidant behavior as a result of an illness, injury, or congenital anomaly does not classify surgery (or other procedures done to relieve such consequences or behavior) as Reconstructive procedures.

Travel and Lodging for Covered Health Services

The Transplant Resource Services program provides Benefits for travel and lodging expenses. See Complex Medical Conditions Travel and Lodging Assistance Program described in Section 5.4 (Clinical Programs and Resources) for more information.

The Plan provides a Participant with a travel and lodging allowance related to the Covered Health Service that is not available in the Participant's state of residence due to law or regulation when such services are received in another state, as legally permissible.

Travel and Lodging provides support for the Participant under the Plan. The Plan provides an allowance for reasonable travel and lodging expenses for a Participant and travel companion when the Participant must travel at least 50 miles from their address, as reflected in our records, to receive the Covered Health Services.

This Plan provides an allowance for incurred reasonable travel and lodging expenses only and is independent of any existing medical coverage available for the Participant. An allowance of up to \$2,000 per Participant per year will be provided for travel and lodging expenses incurred as a part of the Covered Health Service. Lodging expenses are further limited to \$50 per day for the Participant, or \$100 per day for the Participant with a travel companion.

Please remember to save travel and lodging receipts to submit for reimbursement. If you would like additional information regarding Travel and Lodging, see Benefits.Surest.com or contact Surest Member Services.

Clinical Trials

Clinical trials are research studies designed to find ways to improve health care or to improve prevention, diagnosis, or treatment of health problems. The purpose of many clinical trials is to find out whether a medicine or treatment is safe and effective for treating a certain condition or disease. Clinical trials compare the effectiveness of medicines or treatments against standard, accepted treatment, or against a placebo if there is no standard treatment.

Participants in clinical trials are typically randomized to different treatment arms and based on that randomization may receive either the study intervention or the control intervention.

Services provided in a clinical trial typically include the interventions being evaluated (study agent and control agent) and other clinical services required to evaluate the effectiveness and safety of the interventions being compared.

In compliance with federal law, your Benefits cover routine health care costs for qualifying individuals participating in an approved clinical trial. For more information call Surest Member Services at the number on your member ID card.

Clinical Trial services may require Prior Authorization and Medical Necessity review.

5.2 Prior Authorization and Pre-Admission Notification

Select services require Prior Authorization or Pre-Admission Notification. Prior Authorization is required by service type, regardless of whether the service is rendered by in-network or out-of-network Providers.

In-network Providers are responsible for obtaining Prior Authorization for select Covered Health Services and are responsible for Pre-Admission Notification for planned inpatient admissions and post-admission notification at least 24 hours of admission of Emergency inpatient admissions. Inpatient stays will be reviewed for Medical Necessity, length of stay, and level of care. All acute inpatient rehabilitation (AIR) admissions, long-term acute care (LTAC) admissions, and Skilled Nursing Facility (SNF) admissions are subject to Medical Necessity review pre-admission. If you have questions about Prior Authorization or Pre-Admission Notification, please contact Surest Member Services.

If you are using an out-of-network Provider, you are responsible for ensuring that any necessary Prior Authorizations and Pre-Admission Notifications have been obtained or the services may not be covered by the Surest Plan. Contact Surest Member Services prior to obtaining services to determine whether Prior Authorization is required or ask your Provider to contact the pre-certification number on your member ID card.

If your Prior Authorization or Pre-Admission Notification is denied, you will receive an explanation of why it was denied and how you can appeal (including how to request expedited review). This information can also be found in Section 8 (What Do I Do If My Claim Is Denied).

The Prior Authorization list is subject to change without notice. The most current information can be obtained by having your Provider contact the pre-certification number on your member ID card or call Surest Member Services.

What Are My Benefits?

If you are currently covered by the Surest Plan and your health care Provider leaves the network, you can apply for Continuity of Care. If you have medical reasons preventing immediate transfer to a network provider, Continuity of Care Benefits will allow you the option to request extended care from your out-of-network Provider while paying in-network copayments until a safe transition can be made to an in-network Provider. Continuity of Care Benefits are managed on a case-by-case basis.

If you are currently receiving treatment for Covered Health Services from a Provider whose network status changes from in-network to out-of-network during such treatment due to termination (non-renewal or expiration) of the Provider's contract, you may be eligible to request continued care from your current Provider under the same terms and conditions that would have applied prior to termination of the Provider's contract for specified conditions and timeframes. This provision does not apply to Provider contract terminations for failure to meet applicable quality standards or for fraud.  131. In the event an out-of-network Provider waives, does not pursue, or fails to collect, copayments or other amount owed for a particular health care service, no Benefits are provided for the health care service when the copayments are waived, not pursued, or not collected.

7. Claims Procedures

When you receive in-network services, the Provider will generally collect your copayment from you at the time of your treatment and send a medical Claim to the Surest Plan for payment. Sometimes out-of-network Providers will do the same. Other times, out-of-network Providers may bill you for the total cost of your treatment, and you will need to submit the medical Claim to the Surest Plan to be reviewed for Benefits. Whether you pay out-of-pocket, or your Provider bills the Surest Plan directly, you are still entitled to the same Benefits.

If you receive a bill from your Provider (whether in-network or out-of-network) for the Surest Plan's portion of the costs, or you pay for your medical care out-of-pocket and need to be reimbursed, you must submit a medical Claim to the Surest Plan. This section summarizes the procedures you must follow to submit a medical Claim for payment, and the procedures the Surest Plan will use to determine whether and how much to pay for that medical Claim.

If you would like more details about medical Claims procedures and your rights and responsibilities, contact Surest Member Services.

Regular Post-Service Medical Claims

Post-service medical Claims are non-urgent medical Claims processed after you have received treatment. Pre-Service and Urgent Care Request for Benefits are described in Section 8 (What Do I Do If My Claim Is Denied). Generally, you do not need to file a medical Claim for services from in-network Providers; the Provider will handle the filing of the medical Claim. For out-of-network Providers that do not file medical Claims or if you receive Emergency care outside the United States and are seeking reimbursement from the Surest Plan, you can submit a medical Claim using this procedure.

You can submit a post-service medical Claim by mail to the address on your member ID card. You will need to provide several pieces of information for Surest to be able to process your medical Claim and determine the appropriate Surest Plan Benefits:

- The name and birthdate of the Participant who received the care.
- The Participant ID listed on the Surest member ID card.
- An itemized bill from your Provider, which should include:
 - The Provider's name, address, tax identification number, NPI number, and license number (if available).
 - The date(s) the Participant received care.
 - The diagnosis and procedure codes for each service provided.
 - The charges for each service provided.
- Information about any other health coverage the Participant has.
- Proof of payment may be requested to substantiate your medical Claim but is not required upon initial submission to Surest.

Regular Post-Service Pharmacy Claims

See Section 13 (Outpatient Prescription Drugs).

Other General Claims Procedures

Your medical Claim must be submitted within one year from the date you received the health care services. If you are not capable of submitting a Claim within one year, you must submit the Claim as soon as reasonably possible. If your Claim relates to an inpatient stay, the date you were discharged counts as the date you received the health care service for Claims purposes.

You will receive a decision within 30 days of submitting your Claim. If we need more information on a Claim, we will reach out to you to request that additional information, but we will still make a decision on your Claim within 30 days. If you submit the requested additional information after a decision has been made, we may adjust our decision and reprocess your Claim accordingly.

Claims for medical (non-pharmacy) Benefits will be reviewed by Surest. If more time is needed to decide your Claim, we may request a one-time extension of not more than 15 days.

If a Claim for a welfare benefit is denied or ignored, in whole or in part, a Participant has a right to know why this was done, to obtain copies of documents (without charge) relating to the decision, and to appeal any denial, all within certain time schedules.

Notice of Adverse Claim Determination

If your medical Claim is denied in whole or in part, you will receive a written notice of denial. The notice will be written in an understandable and, where required by law, in a culturally and linguistically appropriate manner and will include all of the following:

- Information sufficient to identify the medical Claim involved (including the date of service, the health care Provider, and the medical Claim amount [if applicable]); you can also request from the Claims Administrator the diagnosis and treatment codes, and their explanation.
- The specific reason or reasons for the denial, the denial code and its meaning and a description of the Plan standard, if any, that was used in denying the Claim and a discussion of the decision.
- The specific reference to the relevant Plan provision on which the decision is based.
- A description of additional information needed to support your medical Claim and an explanation of why it is needed.
- Information about how to appeal your Claim and any time limits, should you want to pursue it further and your right to bring a civil action under ERISA if your appeal is denied.
- A statement about available external review processes, including information on how to initiate the review.

- If an internal rule, guideline, protocol, or other similar criterion was relied upon in making the decision, either a copy of the document or a statement that such a document was relied on and that a copy will be provided (free of charge) upon request.
- Either an explanation of the scientific or clinical judgment for the decision (applying the Plan terms to your medical circumstances) or a statement that such an explanation was relied on and that a copy will be provided (free of charge) upon request, if the decision was based on a limit (for example, a decision that the proposed service is not Medically Necessary).
- A description of the expedited review process in the case of a denial concerning a Claim involving urgent care. If we tell you about our decision orally within the timeframes required, we will follow up within three business days with a written or electronic notice.
- A statement about the availability of contact information for any applicable office of health insurance consumer assistance or ombudsman established to assist individuals with the internal claims and appeals and external review processes.
- A description of any voluntary processes the Plan offers.

Review of a Medical Appeal

Surest will conduct a full and fair review of your medical Claim appeal.

You can send written comments, documents, records, and any other information you think will help decide the medical Claim appeal.

You are entitled to receive, upon request and free of charge, reasonable access to and copies of all documents, records, and other information relevant to the Participant's medical Claim for Benefits. "Relates to" means at least one of the following:

- That we used the information to make the Benefit determination.
- The information was submitted, used, or created while making the Benefit determination.
- The information shows that we made the Benefit determination based on your Plan documents and made the same decision for other Plan Participants in the same situation.
- The information is one of our policies or guidance.

When Surest reviews your medical Claim appeal, Surest will take into account all comments, documents, records, and other information you give, even if we did not have that information when we denied the medical Claim.

Surest adheres to the following review practices:

- The appeal will be reviewed by an appropriate individual(s) who did not make the initial Benefit determination and who does not report to the person who did make the initial Benefit determination.

What Do I Do If My Claim Is Denied?

- If your medical Claim involves medical judgment or whether the medical Claim is about investigational or Experimental services, the appeal will be reviewed by a health care professional with appropriate expertise who was not consulted during the initial Benefit determination process.
- Surest will review all medical Claims in accordance with the rules established by the U.S. Department of Labor and applicable state law.
- Our reviewers avoid conflicts of interest and act independently and impartially. We do not hire, pay, terminate, promote, make decisions, or incentivize medical Claims reviewers to make denials.

Once the review is complete, if Surest upholds the denial, you will receive a written explanation of the reasons and facts relating to the denial.

If you are not satisfied with the first-level medical Claim appeal decision, you have the right to request a second-level medical Claim appeal within 60 days of receipt of the first-level medical Claim appeal determination.

Access to New or Additional Information

If you ask, we will give you the identification of any medical expert who gave an opinion – whether or not we used that opinion to decide your medical Claim. Any Participant will be automatically provided, free of charge, and sufficiently in advance of the date on which the notice of final internal Adverse Benefit Determination is required, with: (i) any new or additional evidence considered, relied upon, or generated by the Surest Plan in connection with the medical Claim; and (ii) a reasonable opportunity for any Participant to respond to such new evidence or rationale.

Pre-Service and Urgent Care Request for Benefits

A pre-service request for Benefits is a type of Benefit request that requires Prior Authorization but is not urgent. An urgent care request for Benefits is a special type of Prior Authorization that occurs when a delay in treatment could seriously jeopardize your life or health or the ability to regain maximum function or, in the opinion of a Physician with knowledge of your medical condition, could cause severe pain. Because your Provider is the one who initiates Prior Authorization, it will usually be your Provider who will request expedited processing. An urgent care request for Benefits will be decided as soon as possible, taking into account the medical exigencies, but no more than 72 hours after we receive your request. Urgent care requests for Benefits filed improperly or missing information may be denied.

If your pre-service or urgent care request for Benefits is denied, you will receive an explanation of why it was denied and how you can appeal (including how to request an expedited review).

Timing of Medical Claim Appeals Determinations

Separate schedules apply to the timing of Benefit requests and medical Claim appeals, depending on the type of request. There are four types of requests:

- **Urgent Care Request for Benefits:** A request for Benefits provided in connection with urgent care services.

What Do I Do If My Claim Is Denied?

- **Concurrent Care Requests:** A request to extend an already approved ongoing course of treatment that was approved for a specific period of time or a specific number of treatments. If the request is urgent, we will follow the urgent care request for Benefits and appeals process. If it is not urgent, it will be treated like a new request for services and will follow the Pre-Service Request for Benefits and Appeal process.
- **Pre-Service Request for Benefits:** A request for Benefits which the Surest Plan must approve or for which you must notify Surest before non-urgent care is provided.
- **Post-Service Medical Claim Request for Benefits:** A medical Claim for reimbursement of the cost of non-urgent care that has already been provided.

Please note that the decision is based only on whether or not Benefits are available under the Surest Plan for the proposed treatment or procedure.

You may have the right to external review through an Independent Review Organization (IRO) upon completion of the internal appeal process. Instructions regarding any such rights, and how to access those rights, will be provided in a decision letter to you from Surest.

The tables below describe the time frames which you and Surest are required to follow.

Concurrent Care Request for Benefits

In some cases, you may have an ongoing course of treatment approved for a specific period of time or a specific number of treatments, and you may want to extend that course of treatment. This is called a Concurrent Care Claim.

If your extension request is not “urgent” (as defined in the previous section), your request will be considered a new request and will be decided according to the applicable procedures and timeframes. If your request for an extension is urgent you may request expedited processing.

If an ongoing course of treatment was previously approved for a specific period of time or number of treatments, and your request to extend the treatment is an urgent care request for Benefits as defined above, your request will be decided within 24 hours, provided your request is made at least 24 hours prior to the end of the approved treatment. Surest will make a determination on your request for the extended treatment within 24 hours from receipt of your request. If we inform you about our decision orally, we will follow up within three business days with a written or electronic notice.

If your request for extended treatment is not made at least 24 hours prior to the end of the approved treatment, the request will be treated as an urgent care request for Benefits and decided according to the timeframes described above. If an ongoing course of treatment was previously approved for a specific period of time or number of treatments, and you request to extend treatment in a non-urgent circumstance, your request will be considered a new request and decided according to post-service or pre-service timeframes, whichever applies.

Please note that the decision is based only on whether or not Benefits are available under the Surest Plan for the proposed treatment or procedure.

If your Concurrent Care Claim is denied, you will receive an explanation of why it was denied and how you can appeal (including how to request expedited review). You may have the right to an external review through an Independent Review Organization (IRO) upon the completion of the internal appeal process. Instructions regarding any such rights, and how to access those rights, will be provided in decision letter to you from Surest.

Notice of Claim Denial on Appeal

If your Claim is denied on review, the reviewer will provide you with a notice of the Adverse Benefit Determination that will:

- Be written in a manner designed to be understood by an average individual and, where required by law, in a culturally and linguistically appropriate manner.
- Include information sufficient to identify the Claim involved (including the date of service, the health care Provider, and the Claim amount [if applicable]); you can also request from the reviewer the diagnosis and treatment codes and their explanation.
- Include the specific reasons for the Adverse Benefit Determination (including the denial code and its meaning and a description of the Plan's standard, if any, that was used in denying the Claim and a discussion of the decision).
- Refer to the specific Plan provisions on which the determination was based.
- Inform you that, upon request and free of charge, you are entitled to reasonable access to, and copies of, all documents, records, and other information relevant to the Claim for Benefits.
- Notify you of your right to bring legal action under ERISA.
- Include a copy of any internal rule, protocol or criterion that was relied on in making the determination or indicate that a copy of such material is available (free of charge) upon request.
- Either explain the scientific or clinical judgment made or indicate that such an explanation is available upon request, free of charge, if the determination was based on Medical Necessity or similar exclusion or limit.
- Contain a statement about the availability of contact information for any applicable office of health insurance consumer assistance or ombudsman established to assist individuals with the internal claims and appeals and external review processes.
- A statement about any voluntary appeal procedures your Plan may offer.
- Notify you that you can contact the Department of Labor or State Insurance Regulatory Agency to learn about other voluntary alternative dispute resolution options.

The reviewer's decision on appeal is the final internal Adverse Benefit Determination.

Federal External Review Program

If, after exhausting your internal appeals, you are not satisfied with the determination made by Surest, you may be entitled to request an external review. The process is available at no charge to you.

You can also start the external review process without exhausting the internal appeals if Surest fails to follow the internal appeals process described above (unless it is a minor failure).

If one of the above conditions is met, you may request an external review of Adverse Benefit Determinations based upon any of the following:

- Medical judgement and/or Clinical reasons — for example Medical Necessity, appropriateness, health care setting, level of care, and effectiveness of a covered Benefit.
- A determination that a treatment, service, drug, or device is an Experimental or Investigational Service(s) or Unproven Service(s).
- Whether a Participant is entitled to a reasonable alternative standard for a reward under a wellness program.
- A determination as to whether a Plan is complying with non-quantitative mental health parity requirements.
- Rescission of coverage (coverage that was cancelled or discontinued retroactively).
- As otherwise required by applicable law.

You or your representative may request a standard external review by sending a written request to the address set out in the determination letter. You or your representative may request an expedited external review, in urgent situations as detailed below, call Surest Member Services or by sending a written request to the address set out in the determination letter. A request must be made within 120 days after the date you received the final internal Adverse Benefit Determination letter from Surest.

An external review request should include all of the following:

- A specific request for an external review.
- The Participant's name, address, and member ID number.
- Your designated representative's name and address, when applicable.
- The service that was denied.
- Any new, relevant information that was not provided during the internal appeal.

An external review will be performed by an Independent Review Organization (IRO). Surest has entered into agreements with three or more IROs that have agreed to perform such reviews. There are two types of external reviews available, and both are free to you.

Standard External Review

A standard external review comprises of all of the following:

- A preliminary review by Surest of the request completed within five business days following Surest's receipt of the request.
- A referral of the request by Surest to the IRO.
- A decision by the IRO.

What Do I Do If My Claim Is Denied?

Within the applicable timeframe after receipt of the request, Surest will complete a preliminary review to determine whether the individual for whom the request was submitted meets all of the following criteria:

- Is or was covered under the Surest Plan at the time the health care service or procedure that is at issue in the request was provided.
- The denial does not relate to your eligibility to participate in the Plan.
- Has exhausted the applicable internal appeals process or is deemed to have exhausted the internal appeals process.
- Has provided all the information and forms required for Surest to process the request.

After completing the preliminary review, Surest will issue a notification in writing to you within one business day. If the request is eligible for external review, Surest will assign an IRO to conduct such review. Surest will assign requests by either rotating assignments among the IROs or by using a random selection process.

If the request is complete but not eligible for external review, Surest will provide notification that includes the reasons for ineligibility and contact information for the Employee Benefits Security Administration. If the request is not complete, the notification will describe the information or materials needed to make the request complete; you will have at least 48 hours (or, if longer, until the end of the four-month filing period) to complete the request.

The IRO will timely notify you in writing whether the request is eligible for external review. Within 10-business days following the date of receipt of the notice, you may submit in writing to the IRO additional information for the IRO to consider in conducting the external review. The IRO is not required to, but may, accept and consider additional information submitted by you after 10-business days.

Surest will provide to the assigned IRO the documents and information considered in making the determination, including:

- All relevant medical records.
- All other documents relied upon by Surest.
- All other information or evidence that you or your Physician submitted. If there is any information or evidence you or your Physician wish to submit that was not previously provided, you may include this information with your external review request and Surest will include it with the documents forwarded to the IRO.

In reaching a decision, the IRO will review the Claim as new and not be bound by any decisions or conclusions reached by Surest. The IRO will provide written notice of its determination (the "Final External Review Decision") within 45 days after receiving the request for the external review (unless they request additional time, and you agree). The IRO will deliver the notice of Final External Review Decision to you and Surest, and it will include the clinical basis for the determination.

Upon receipt of a Final External Review Decision reversing the determination made by Surest, the Surest Plan will immediately provide coverage or payment for the Benefit Claim at issue in

accordance with the terms and conditions of the Surest Plan, and any applicable law regarding Plan remedies. If the Final External Review Decision is that payment or referral will not be made, the Surest Plan will not be obligated to provide Benefits for the health care service or procedure.

Expedited External Review

An expedited external review is similar to a standard external review. The time for completing the review process is much shorter, and in some instances, you may file an expedited external review before completing the internal appeals process.

You may make a written or verbal request for an expedited external review if you receive either of the following:

- An Adverse Benefit Determination of a Claim or appeal if the Adverse Benefit Determination involves a medical condition for which the time frame for completion of an expedited internal appeal would seriously jeopardize the life or health of the individual or would jeopardize the individual's ability to regain maximum function and you have filed a request for an expedited internal appeal.
- A final appeal decision, if the determination involves a medical condition where the timeframe for completion of a standard external review would seriously jeopardize the life or health of the individual or would jeopardize the individual's ability to regain maximum function, or if the final appeal decision concerns an admission, availability of care, continued stay, or health care service, procedure, or product for which the individual received Emergency services, but has not been discharged from a facility.

Immediately upon receipt of the request, Surest will determine whether the individual meets both of the following criteria:

- Is or was covered under the Surest Plan at the time the health care service or procedure that is at issue in the request was provided.
- Has provided all the information and forms required so that Surest may process the request.

After completing the review, Surest will immediately send a notice in writing to you. Upon a determination that a request is eligible for expedited external review, Surest will assign an IRO in the same manner Surest utilizes to assign standard external reviews to IROs. Surest will provide all necessary documents and information considered in making the Adverse Benefit Determination or final Adverse Benefit Determination to the assigned IRO electronically, by telephone, facsimile, or any other available expeditious method. The IRO, to the extent the information or documents are available and the IRO considers them appropriate, must consider the same type of information and documents considered in a standard external review.

In reaching a decision, the IRO will review the Claim as new and not be bound by any decisions or conclusions reached by Surest. The IRO will provide notice of the final external review decision for an expedited external review as expeditiously as the claimant's medical condition or circumstances require, but in no event more than 72 hours after the IRO receives the request. If the initial notice is not in writing, within 48 hours after the date of providing the

What Do I Do If My Claim Is Denied?

initial notice the assigned IRO will provide written confirmation of the decision to you and to Surest.

You may contact Surest Member Services for more information regarding external review rights, or if you are making a verbal request for an expedited external review.

Limitation of Action

You cannot bring any legal action against the Plan Administrator or Claim Administrator to recover reimbursement until 90 days after you have properly submitted a request for reimbursement as described in this section and all required reviews of your Claim have been completed.

9. What are My Rights under ERISA?

Statement of ERISA Rights

A Participant under the Surest Plan is entitled to certain rights and protections under ERISA, which provides that all Participants shall be entitled to:

- Receive information about the Surest Plan and Benefits.
- Examine, without charge, at the Plan Administrator's office and at other specified locations, such as work sites and union halls, all documents governing the Surest Plan, including insurance contracts and collective bargaining agreements, if applicable, and a copy of the latest annual report (Form 5500 Series), if required to be filed by the Surest Plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.
- Obtain, upon written request to the Plan Administrator, copies of documents governing the operation of the Surest Plan, including insurance contracts and collective bargaining agreements, if applicable, and copies of the latest annual report (Form 5500 Series) and updated SPD. The Plan Administrator may make a reasonable charge for the copies.
- Receive a summary of this Plan's annual financial report if an annual financial report is required. The Plan Administrator is required by law to furnish each Participant with a copy of this summary annual report.

Continue Group Health Surest Plan Coverage

- Continue health care coverage for the employee or dependents if there is a loss of coverage under the Surest Plan as a result of a qualifying event. Participants may have to pay for such coverage. Review Section 10 (Continuation of Coverage) in this document and the Surest Plan rules governing COBRA continuation coverage rights.

Prudent Actions by Surest Plan Fiduciaries

- In addition to creating rights for Surest Plan Participants, ERISA imposes duties upon the people who are responsible for the operation of this Plan. The people who operate this Plan, called "fiduciaries" of the Plan, have a duty to do so prudently and in the interest of the Participants.
- No one, including the employer, a union, or any other person, may fire an employee or otherwise discriminate against an employee in any way to prevent him/her from obtaining a welfare benefit or exercising rights under ERISA.

Enforce Rights

- If a Claim for a welfare benefit is denied or ignored, in whole or in part, a Participant has a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules (see Section 8 [What Do I Do If My Claim Is Denied]).
- Under ERISA, there are steps Participants can take to enforce the above rights. For instance, if a Participant requests a copy of Surest Plan documents or the latest annual report from this Plan and does not receive them within 30 days, the Participant may file

What are My Rights under ERISA?

suit in a Federal court. In such a case, the court may require the Plan Administrator to provide the materials and pay the Participant up to \$110 a day until he/she receives the materials, unless the materials were not sent because of reasons beyond the control of the Plan Administrator. If a Participant has a Claim for Benefits that is denied or ignored, in whole or in part, the Participant may file suit in a state or Federal court after exhausting the appeal procedures provided in the Surest Plan (see Section 8 [What Do I Do If My Claim Is Denied]). In addition, if a Participant disagrees with the Surest Plan's decision or lack thereof concerning the qualified status of a medical child support order, the Participant may file suit in Federal court. If it should happen that Plan fiduciaries misuse this Plan's money, or if a Participant is discriminated against for asserting his/her rights, he/she may seek assistance from the U.S. Department of Labor or may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If the Participant is successful, the court may order the person he/she has sued to pay these costs and fees. If the Participant loses, the court may order the Participant to pay these costs and fees — for example, if it finds the Claim is frivolous.

- Exhaustion of administrative procedures required. To the fullest extent permitted under applicable law, the right to maintain a court action is subject to the Plan's requirements that administrative procedures be completed first. This is called exhaustion of administrative remedies. Failure to exhaust administrative procedures may preclude you from bringing an action in court.

Assistance with Questions

- For questions about this Plan, contact the Plan Administrator.
- For questions about this statement or about a Participant's rights under ERISA, or if a Participant needs assistance in obtaining documents from the Plan Administrator, contact the nearest office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in the telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington, D.C. 20210.
- A Participant may also obtain certain publications about rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.

10. Continuation of Coverage

COBRA Continuation Coverage

Under certain circumstances, a Participant may elect to continue coverage under the Surest Plan in accordance with COBRA.

A Participant whose coverage is ending may be able to elect to continue the coverage. Continued coverage shall be provided as required under COBRA. The Plan Sponsor shall, within the parameters of the law, establish uniform policies for the purpose of providing such continuation of coverage.

COBRA requires most employers with 20 or more employees to offer employees and their families the opportunity to pay for a temporary extension of coverage (called “continuation coverage”) at group rates in certain instances where coverage would otherwise end. This information is provided with respect to the Surest Plan.

There is no requirement that a person be insurable to elect continuation coverage. However, a person who continues coverage may be required to pay the entire premium for the continuation coverage until the end of the maximum coverage period.

This notice is intended to inform Participants under the Surest Plan, in summary fashion, of their rights and obligations under the continuation coverage provisions of this law. It does not fully describe your continuation coverage rights. For additional information about your rights and obligation under the Surest Plan and under federal law, you should contact the Plan Administrator. It is intended that no greater rights be provided than those required by the law.

Other options may be available when a person loses group health coverage. For example, you may be eligible to buy an individual plan through the Health Insurance Marketplace. By enrolling in coverage through the Marketplace, you may qualify for lower costs on your monthly premiums and lower out-of-pocket costs. Additionally, you may qualify for a 30-day special enrollment period for another group health plan for which you are eligible (such as a spouse’s plan), even if that plan generally does not accept late enrollees.

When Continuation Coverage is Available

Continuation Coverage is available in the following circumstances:

- **Qualifying Event.** A qualifying event is the occurrence of a specified event (described below) that results in a loss of coverage under the terms of the Surest Plan. Upon the occurrence of a “qualifying event,” each person that loses coverage has rights as a “qualified beneficiary.”
- **Qualified Beneficiary.** A qualified beneficiary is the employee and/or the employee’s spouse or dependent children who on the day before the qualifying event were covered under the Surest Plan. In addition, a child who is born to or placed for adoption with a covered employee during a period of COBRA continuation coverage is a qualified beneficiary. Furthermore, an individual for whom the employee must provide coverage

under the Surest Plan pursuant to a Qualified Medical Child Support order (QMCSO) is a qualified beneficiary.

- **Employee Loss of Coverage.** If covered by the Surest Plan, the employee has the right to elect continuation coverage if they lose coverage under the Surest Plan due to termination of employment (other than for gross misconduct) or a reduction in hours of employment.
- **Spouse or Dependent Child's Loss of Coverage.** If covered by the Surest Plan, a spouse or dependent child has the right to elect continuation coverage if they lose coverage under the Surest Plan due to any of the following:
 - The employee's termination of employment (other than for gross misconduct) or a reduction in hours of employment.
 - The employee's death.
 - The employee's entitlement to (actual coverage under) Medicare.
 - The spouse or child ceasing to be a dependent under the terms of the Surest Plan.

Participant's Responsibility to Notify

In certain circumstances, you are required to provide notification to the Plan Administrator to protect your rights under COBRA. These circumstances are:

- **Notice of Qualifying Event.** Under the law, the Participant (or a representative acting on behalf of the Participant) has the responsibility to inform the Plan Administrator of a spouse or child losing dependent status under the Surest Plan within 60 days of the latest of:
 - The date of the qualifying event.
 - The date coverage would be lost because of the qualifying event.
 - The date on which the qualified beneficiary was informed of the responsibility to provide the notice and the procedures for doing so.

The notice must be provided in writing and be mailed to the Plan Administrator at the address identified below. Oral notice by telephone is not acceptable. Electronic (including emailed or faxed) or hand-delivered notices are not acceptable. Your notice must be postmarked no later than the last day of the 60-day notice period described above. The notice must:

- State the name of the Surest Plan.
- State the name and address for the employee or former employee who is or was covered under the Surest Plan.
- State the name(s) and address(es) of all qualified beneficiaries who lost coverage due to the qualifying event.
- Include a detailed description of the event.
- Identify the Effective Date of the event.
- Be accompanied by any documentation providing proof of the event (e.g., a death certificate).

If the required notification is not received within the required time period, no continuation coverage will be provided. If the notification is incomplete, it will be deemed timely if the Plan is able to determine the plan to which it applies, the identity of the employee and the qualified beneficiaries, the qualifying event, and the date on which the qualifying event occurred, provided that the missing information is provided within 30 days. If the missing information is not provided within that time, the notification will be ineffective, and no continuation coverage will be provided.

- **Notice of the Second Qualifying Event.** In addition, the Participant (or a representative acting on behalf of the Participant) must notify the Plan of the death of the employee or a spouse or dependent child ceasing to be eligible for coverage as a dependent under the Surest Plan, if that event occurs within the 18-month continuation period (or an extension of that period for disability or for pre-termination Medicare entitlement). The notification must be provided within 60 days after such a second qualifying event occurs for the qualified beneficiary to be entitled to an extension of the continuation period. The notification must be provided in writing and be mailed to the Plan at the address identified below. Oral notice, including notice by telephone, is not acceptable. Electronic (including emailed or faxed) or hand-delivered notices are not acceptable. Your notice must be postmarked no later than the last day of the 60-day notice period described above. The notification must:
 - State the name of the Surest Plan.
 - State the name and address for the employee or former employee who is or was covered under the Surest Plan.
 - State the name(s) and address(es) of all qualified beneficiaries who lost coverage due to the qualifying event and who are receiving COBRA coverage at the time of the notice.
 - Identify the nature and date of the initial qualifying event that entitled the qualified beneficiaries to COBRA coverage.
 - Include a detailed description of the event.
 - Identify the Effective Date of the event.
 - Be accompanied by any documentation providing proof of the event (e.g., divorce decree).

If the required notification is not received within the required time period, no extension of the continuation coverage will be provided. If the notification is incomplete, it will be deemed timely if the Plan is able to determine the plan to which it applies, the identity of the employee and the qualified beneficiaries, the qualifying event, and the date on which the qualifying event occurred, provided that the missing information is provided within 30 days. If the missing information is not provided within that time, the notification will be ineffective, and no extension of the continuation period will be provided.

- **Notice of Disability.** The Participant (or a representative acting on behalf of the Participant) must notify the Plan Administrator when a qualified beneficiary has been determined to be disabled under the Social Security Act within 60 days of the latest of:
 - The date of the disability determination.

- The date of the qualifying event.
- The date coverage would be lost because of the qualifying event.
- The date on which the qualified beneficiary was informed of the responsibility to provide the notice and the procedures for doing so.

In addition, the notice must be provided before the end of the first 18 months of continuation coverage.

The notice must be provided in writing and be mailed to the Plan Administrator at the address identified below. Oral notice, including notice by telephone, is not acceptable. Electronic (including emailed or faxed) or hand-delivered notices are not acceptable. Your notice must be postmarked no later than the last day of the 60-day notice period described above. The notification must:

- State the name of the Surest Plan.
- State the name and address of the Employee or former employee who is or was covered under the Surest Plan.
- State the name(s) and address(es) of all qualified beneficiaries who lost coverage due to the initial qualifying event and who are receiving COBRA coverage at the time of the notice.
- Identify the nature and date of the initial qualifying event that entitled the qualified beneficiaries to COBRA coverage.
- State the name of the disabled qualified beneficiary.
- Identify the date upon which the Social Security Administration made its determination of disability.
- Include a copy of the determination of the Social Security Administration.

If the required notification is not received within the required time period, no extension of the continuation period will be provided. If the notification is incomplete, it will be deemed timely if the Plan is able to determine the Plan to which it applies, the identity of the Employee and the qualified beneficiaries, the qualifying event, and the date on which the qualifying event occurred, provided that the missing information is provided within 30 days. If the missing information is not provided within that time, the notification will be ineffective, and no extension of the continuation period will be provided.

If such person has been determined under the Social Security Act to no longer be disabled, the person must notify the Plan Administrator of that determination with 30 days or the later of:

- The date of the termination.
- The date on which the qualified beneficiary was informed of the responsibility to provide the notice and the procedures for doing so.

The notice must be in writing and be mailed to the Plan Administrator at the address identified below. Regardless of when the notification is provided, continuation coverage will terminate retroactively on the first day of the month that begins 30 days after the

date of the determination, or the end of the initial coverage period, if later. If you do not provide the notification within the required time, the Surest Plan reserves the right to seek reimbursement of any Benefits provided by the Surest Plan between the date coverage terminates and the date the notification is provided.

Failure to provide timely and complete notice ends the right to COBRA continuation coverage.

Election Rights

When a qualifying event occurs, or when the Plan Administrator is notified that a qualifying event has occurred in the case of those events in which the employee has an obligation to provide notice, the Plan Administrator must notify the qualified beneficiaries of the right to elect continuation coverage. Qualified beneficiaries have 60 days to elect continuation coverage measured from the later of:

- The date coverage would be lost because of a qualifying event.
- The date a notice of election rights is provided.

An election is considered made on the date sent. If continuation coverage is elected within this period, the coverage is retroactive to the date coverage would otherwise have been lost. If continuation coverage is not elected within this period, coverage under the Surest Plan ends.

Each qualified beneficiary has an independent right to elect continuation coverage. Employees may elect continuation coverage on behalf of all qualified beneficiaries, and parents may elect continuation coverage on behalf of their children. Furthermore, other third persons can elect continuation coverage on behalf of a qualified beneficiary.

Qualified beneficiaries are allowed to maintain continuation coverage as follows:

- **18 months.** If the qualifying event is the employee's termination of employment (other than for gross misconduct) or a reduction in hours of employment, the continuation period is 18 months measured from the date coverage would otherwise be lost because of the qualifying event.
- **Disability Extension.** For qualified beneficiaries receiving continuation coverage because of the employee's termination or reduction in hours, the continuation period may be extended 11 months, for a total maximum of 29 months, where a qualified beneficiary receives a determination under the Social Security Act that at the time of the employee's termination of employment or reduction of hours, or within 60 days of the start of the 18-month continuation period, the qualified beneficiary was disabled. The extension is available to all qualified beneficiaries in the family group.
- **Pre-Qualifying Event Medicare Extension.** The 18-month continuation period may be extended if the employee became entitled to (actually covered under) Medicare prior to the employee's termination of employment (other than for gross misconduct) or a

reduction in hours. Qualified beneficiaries other than the employee are entitled to the greater of:

- 18 months measured from the qualifying event.
- 36 months measured from the date of the employee's Medicare entitlement.
- **36 months.** For qualifying events other than termination of employment (other than for gross misconduct) or a reduction in hours, the continuation period is 36 months measured from the date coverage would otherwise be lost because of the qualifying event.
- **Second Qualifying Events.** If during the initial 18-month continuation period (or during an extension of that period for disability or for pre-termination Medicare entitlement) a second qualifying event occurs (e.g., death of employee, loss of dependent status) that would have caused the qualified beneficiary to lose coverage under the Surest Plan had the first qualifying event not occurred, the continuation period for the particular qualified beneficiaries affected by the second qualifying event may be extended to 36 months.

Under no circumstances may the total continuation period be greater than 36 months from the date coverage would otherwise be lost because of the original qualifying event that triggered the continuation coverage.

Type of Coverage

Initially, continuation coverage will be the same coverage as immediately preceding the qualifying event. Thereafter, continuation coverage must be identical to the coverage provided to similarly situated employees and dependents that have not experienced a qualifying event. Qualified beneficiaries who have elected COBRA will be given the same opportunity available to similarly situated active employees to change their coverage options or to add or eliminate coverage for dependents at Open Enrollment. In addition, Special Enrollment Rights under HIPAA will apply to those who have elected COBRA.

Under the law, a person electing continuation coverage may be required to pay all or part of the cost of continuation coverage. You will receive additional information regarding the cost requirements following the occurrence of a qualifying event. The amount charged cannot exceed 102% of the cost to the plan providing the coverage. The amount charged may be increased to 150% for the months after the 18th month of continuation coverage when the additional months are due to a disability under the Social Security Act. Payment is generally due monthly. Payment is considered "made" on the postmark date.

The law provides that continuation coverage shall automatically end before the end of the maximum continuation period for any of the following reasons:

- The employer no longer provides group health coverage to any of its employees.
- The premium for continuation coverage is not paid on time (including any applicable grace period).
- After electing COBRA, the qualified beneficiary becomes covered under another group plan (as an employee or otherwise) that has no exclusion or limitation with respect to any preexisting condition of the qualified beneficiary.

- After electing COBRA coverage, the qualified beneficiary becomes entitled to (actually covered under) Medicare.

The Participant (or a representative acting on behalf of the Participant) must notify the Plan Administrator immediately if any qualified beneficiary actually becomes covered by another group health plan or Medicare. Regardless of when such notification is provided, coverage will terminate on the date of the coverage under the other group health plan or Medicare. If, for whatever reason, a qualified beneficiary receives any Benefits under the Surest Plan after coverage is to cease under these rules, the Surest Plan reserves the right to seek reimbursement from the qualified beneficiary.

Insurability and Conversion. A qualified beneficiary does not have to demonstrate insurability to elect continuation coverage. At the conclusion of the available continuation coverage, the Plan Administrator will provide an opportunity to convert to individual coverage if such coverage is offered under the Surest Plan.

Address Changes. Important information is distributed by mail. To protect your rights and the rights of your family, if a qualified beneficiary's address changes, the qualified beneficiary or someone on his/her behalf should notify the Plan Administrator immediately.

Other Coverage Options. Instead of enrolling in COBRA continuation coverage, there may be other coverage options through the Health Insurance Marketplace, Medicaid, or other group health plan coverage options (such as a spouse's plan) through what is called a "special enrollment period." Some of these options may cost less than COBRA continuation coverage. You can learn more about many of these options at [healthcare.gov](https://www.healthcare.gov).

More Information. You should contact the Plan Administrator with any questions about COBRA continuation coverage. Also, for more information about your rights under ERISA, including COBRA, HIPAA, and other laws affecting group health plans, contact the nearest Regional or District Office of the U.S. Department of Labor's Employee Benefits Security Administration (EBSA) in your area or visit the EBSA website [dol.gov/ebsa](https://www.dol.gov/ebsa). (Addresses and phone numbers of Regional and District EBSA Offices are available through EBSA's website.)

Continuation Rights under Uniformed Services Employment and Reemployment Rights Act (USERRA)

Although USERRA protections look similar to COBRA protections, USERRA rights are separate and independent from COBRA rights.

In addition to COBRA rights, a Participant may be entitled to continue coverage under the Uniformed Services Employment and Reemployment Rights Act of 1994 (USERRA). USERRA requires your employer to offer employees and their spouse and/or dependent children the opportunity to pay for a temporary extension of health coverage (called "USERRA continuation coverage") at group rates where health coverage under employer-sponsored group health plan(s) would otherwise end because of the employee's service in the uniformed services (e.g., for service in the military).

This section is intended to inform Participants, in summary fashion, of their rights and obligations under the continuation coverage provision of USERRA. It is intended that no

greater rights be provided than those required by this law. It does not fully describe your USERRA continuation coverage rights. For additional information about your rights and obligations under the Surest Plan and under federal law, you should contact the Plan Administrator.

Service Leave Event. If covered under the Surest Plan, the employee has the right to elect USERRA continuation coverage for him/herself, his/her spouse, and his/her dependents if they lose coverage under the Surest Plan due to an absence from employment for service in the uniformed services (a “service leave”).

Service in the Uniformed Services. Service in the uniformed services generally means the voluntary or involuntary performance of duties in the uniformed services. The uniformed services include the Armed Forces, the Army National Guard and the Air National Guard when engaged in active duty for training, inactive duty for training, or full-time National Guard duty, the corps of the Public Health Service, and the National Disaster Medical System when providing services as an intermittent disaster response appointee following federal activation or attending authorized training in support of its mission.

Election Rights. You have 60 days to elect USERRA continuation coverage, measured from the date your absence from employment for the purpose of performing service begins. An election is considered made on the postmark date. If USERRA continuation coverage is elected within this period, the coverage is retroactive to the date coverage would otherwise have been lost. If USERRA continuation coverage is not elected within this period, coverage under the Surest Plan ends. However, if no election is made in a situation in which you are not required (in accordance with USERRA) to provide advance notice of your service (e.g., because such notice was impossible, unreasonable, or precluded by service necessity), your coverage will be reinstated on a retroactive basis upon your election to continue coverage (regardless of when it is received) and payment of all unpaid amounts due.

Unlike COBRA, USERRA does not give your spouse or dependent child(ren) an independent right to elect USERRA continuation coverage. Their coverage may be continued only if you elect USERRA continuation coverage.

Maximum Continuation Period. The law requires that you generally be allowed to maintain USERRA continuation coverage for a 24-month period beginning on the date of your absence from employment for the purpose of performing service begins.

Type of Coverage. Initially, the coverage will be the same coverage as immediately preceding your service leave. Thereafter, coverage will be the same as the coverage provided to similarly situated employees or dependents that are not on service leave.

Cost. A Participant electing USERRA continuation coverage may be required to pay all or part of the cost of USERRA continuation coverage. If you perform service in the uniformed services for fewer than 31 days, you will pay the same amount for the coverage that you normally pay. If your service exceeds 30 days, the amount charged cannot exceed 102% of the cost to the Plan providing the coverage. Payment is generally due monthly on the first day of the month. Payment is considered made on the postmarked date. You will be given a grace period of 30 days within which to make the payment.

Termination of the Continuation Coverage. The USERRA continuation coverage may be terminated before the end of the maximum continuation period for any of the following reasons:

- The employer no longer provides group health coverage to any of its employees.
- The premium for USERRA continuation coverage is not paid on time (including the grace period).
- Termination for cause under the generally applicable terms of the Surest Plan (e.g., submission of fraudulent benefit Claims).

11.2 Coordination of Benefits

Benefits When You Have Coverage under More than One Plan

This section describes how Benefits under the Surest Plan will be coordinated with those of any other plan that provides benefits to you. The language in this section is from model laws drafted by the *National Association of Insurance Commissioners (NAIC)* and represents standard industry practice for coordinating Benefits.

When Does Coordination of Benefits Apply?

This *Coordination of Benefits (COB)* provision applies when a person has health care coverage under more than one Plan. Plan is defined below.

The plan that pays first according to the rules will pay as if there were no other plan involved. The secondary and subsequent plans will pay the balance due up to 100% of the total Allowable Charge (defined below).

The order of benefit determination rules below govern the order in which each Plan will pay a claim for benefits.

- **Primary Plan.** The Plan that pays first is called the Primary Plan. The Primary Plan must pay benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses.
- **Secondary Plan.** The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense. Allowable Expense is defined below.

Definitions

For purposes of this section, terms are defined as follows:

- A. **Plan.** A Plan is any of the following that provides Benefits or services for medical, pharmacy, or dental care or treatment. If separate contracts are used to provide coordinated coverage for Participants of a group, the separate contracts are considered parts of the same Plan and there is no COB among those separate contracts.
1. Plan includes group and non-group insurance contracts, health maintenance organization (HMO) contracts, closed panel plans, or other forms of group or group-type coverage (whether insured or uninsured); medical care components of long-term care contracts, such as skilled nursing care; medical benefits under group or individual automobile contracts; and Medicare or any other federal governmental plan, as permitted by law.
 2. Plan does not include hospital indemnity coverage insurance or other fixed indemnity coverage; accident only coverage; specified disease or specified accident coverage; limited benefit health coverage, as defined by state law; school accident type coverage; benefits for non-medical components of long-term care policies; Medicare supplement policies; Medicaid policies; or coverage under other federal governmental plans, unless permitted by law.

Each contract for coverage under 1. or 2. above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.

- B. **This Plan.** This Plan means, in a COB provision, the part of the contract providing the health care Benefits to which the COB provision applies, and which may be reduced because of the benefits of other Plans. Any other part of the contract providing health care benefits is separate from This Plan. A contract may apply one COB provision to certain benefits, such as dental benefits, coordinating only with similar benefits, and may apply another COB provision to coordinate other benefits.

- C. **Order of Benefit Determination Rules.** The order of benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan. When This Plan is primary, it determines payment for its Benefits first before those of any other Plan without considering any other Plan's benefits. When This Plan is secondary, it determines its Benefits after those of another Plan and may reduce the Benefits it pays so that all Plan Benefits do not exceed 100% of the total Allowable Expense.
- D. **Allowable Expense.** Allowable Expense is a health care expense, including deductibles, coinsurance, and copayments, that is covered at least in part by any Plan covering the person. When a Plan provides benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense. In addition, any expense that a provider by law or according to contractual agreement is prohibited from charging a Participant is not an Allowable Expense.

The following are examples of expenses or services that are not Allowable Expenses:

1. The difference between the cost of a semi-private hospital room and a private room is not an Allowable Expense unless one of the Plans provides coverage for private hospital room expenses.
 2. If a person is covered by two or more Plans that compute their benefit payments on the basis of Usual and Customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific benefit is not an Allowable Expense.
 3. If a person is covered by two or more Plans that provide benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
 4. If a person is covered by one Plan that calculates its benefits or services on the basis of Usual and Customary fees or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement shall be the Allowable Expense for all Plans. However, if the Provider has contracted with the Secondary Plan to provide the benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the Provider's contract permits, the negotiated fee or payment shall be the Allowable Expense used by the Secondary Plan to determine its Benefits.
 5. The amount of any benefit reduction by the Primary Plan because a Participant has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of plan provisions include second surgical opinions, pre-certification of admissions, and preferred Provider arrangements.
- E. **Closed Panel Plan.** Closed Panel Plan is a Plan that provides health care benefits to Participants primarily in the form of services through a panel of Providers that have

contracted with or are employed by the Plan, and that excludes benefits for services provided by other Providers, except in cases of Emergency or referral by a panel member.

- F. **Custodial Parent.** Custodial Parent is the parent awarded custody by a court decree or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year, excluding any temporary visitation.

What Are the Rules for Determining the Order of Benefit Payments?

When a person is covered by two or more Plans, the rules for determining the order of benefit payments are as follows:

- A. The Primary Plan pays or provides its benefits according to its terms of coverage and without regard to the benefits under any other Plan.
- B. Except as provided in the next paragraph, a Plan that does not contain a coordination of benefits provision that is consistent with this provision is always primary unless the provisions of both Plans state that the complying Plan is primary.

Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of benefits and provides that this supplementary coverage shall be in excess of any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan hospital and surgical benefits, and insurance type coverages that are written in connection with a Closed Panel Plan to provide out-of-network benefits.

- C. A Plan may consider the benefits paid or provided by another Plan in determining its benefits only when it is secondary to that other Plan.
- D. Each Plan determines its order of benefits using the first of the following rules that apply:
 - 1. **Employee/Retiree or Dependent.** The Plan that covers the person as an employee, Participant, policyholder, subscriber, or retiree is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent and primary to the Plan covering the person as an employee, Participant, policyholder, subscriber, or a retired employee, then the order of benefits between the two Plans is reversed so that the Plan covering the person as an employee, Participant, policyholder, subscriber, or retiree is the Secondary Plan and the other Plan is the Primary Plan.
 - 2. **Dependent Child Covered Under More Than One Coverage Plan.** Unless there is a court decree stating otherwise, Plans covering a dependent child shall determine the order of benefits as follows:
 - a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:

- (1) The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan.
 - (2) If both parents have the same birthday, the Plan that covered the parent longest is the Primary Plan.
- b) For a dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:
- (1) If a court decree states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, that parent's spouse's Plan is the Primary Plan. This shall not apply with respect to any Plan Year during which benefits are paid or provided before the entity has actual knowledge of the court decree provision.
 - (2) If a court decree states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of subparagraph a) above shall determine the order of benefits.
 - (3) If a court decree states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of subparagraph a) above shall determine the order of benefits.
 - (4) If there is no court decree allocating responsibility for the child's health care expenses or health care coverage, the order of benefits for the child are as follows:
 - (a) The Plan covering the custodial parent.
 - (b) The Plan covering the custodial parent's spouse.
 - (c) The Plan covering the non-custodial parent.
 - (d) The Plan covering the non-custodial parent's spouse.
- c) For a dependent child covered under more than one Plan of individuals who are not the parents of the child, the order of benefits shall be determined, as applicable, under subparagraph a) or b) above as if those individuals were parents of the child.
- d) (i) For a dependent child who has coverage under either or both parents' Plans and also has their own coverage as a dependent under a spouse's Plan, the rule in paragraph (5) applies.
- (ii) In the event the dependent child's coverage under the spouse's Plan began on the same date as the dependent child's coverage under either or both parents' Plans, the order of benefits shall be determined by applying

the birthday rule in subparagraph (a) to the dependent child's parent(s) and the dependent's spouse.

3. **Active Employee or Retired or Laid-off Employee.** The Plan that covers a person as an active employee (i.e., an employee who is neither laid off nor retired), is the Primary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and, as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled 2.d)(i) above can determine the order of benefits.
4. **COBRA or State Continuation Coverage.** If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, Participant, subscriber, or retiree or covering the person as a dependent of an employee, Participant, subscriber, or retiree is the Primary Plan, and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of benefits, this rule is ignored. This rule does not apply if the rule labeled 2.d)(i) above can determine the order of benefits.
5. **Longer or Shorter Length of Coverage.** The Plan that covered the person the longer period of time is the Primary Plan, and the Plan that covered the person the shorter period of time is the Secondary Plan.

If the preceding rules do not determine the order of benefits, the Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

Effect on the Benefits of This Plan

- A. When This Plan is secondary, it may reduce its Benefits so that the total Benefits paid or provided by all Plans are not more than the total Allowable Expenses. In determining the amount to be paid for any Claim, the Secondary Plan will calculate the Benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, the total benefits paid or provided by all Plans for the Claim do not exceed the total Allowable Expense for that Claim. In addition, the Secondary Plan shall credit to its Plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.
- B. If a Participant is enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel Provider, benefits are not payable by one Closed Panel Plan, COB shall not apply between that Plan and other Closed Panel Plans.

- C. This Plan reduces its Benefits as described below for Participants who are eligible for Medicare when Medicare would be the Primary Plan.

Medicare benefits are determined as if the full amount that would have been payable under Medicare was actually paid under Medicare, even if:

1. The person is entitled but not enrolled in Medicare. Medicare benefits are determined as if the person were covered under Medicare Parts A and B.
2. The person is enrolled in a Medicare Advantage (Medicare Part C) Plan and receives non-Covered Health Services because the person did not follow all rules of that Plan. Medicare benefits are determined as if the services were covered under Medicare Parts A and B.
3. The person receives services from a Provider who has elected to opt-out of Medicare. Medicare benefits are determined as if the services were covered under Medicare Parts A and B and the Provider had agreed to limit charges to the amount of charges allowed under Medicare rules.
4. The services are provided in any facility that is not eligible for Medicare reimbursements, including a Veterans Administration facility, facility of the Uniformed Services, or any other facility of the federal government. Medicare benefits are determined as if the services were provided by a facility that is eligible for reimbursement under Medicare.
5. The person is enrolled under a Plan with a Medicare Medical Savings Account. Medicare benefits are determined as if the person were covered under Medicare Parts A and B.

Important: If you are eligible for Medicare on a primary basis (Medicare pays before Benefits under this coverage Plan), you should enroll for and maintain coverage under both Medicare Part A and Part B. If you do not enroll and maintain that coverage, and if we are secondary to Medicare, we will pay Benefits under this coverage Plan as if you were covered under both Medicare Part A and Part B. As a result, your out-of-pocket costs will be higher.

If you have not enrolled in Medicare, Benefits will be determined as if you timely enrolled in Medicare and obtained services from a Medicare participating Provider if either of the following applies:

1. You are eligible for, but not enrolled in, Medicare and this coverage Plan is secondary to Medicare.
2. You have enrolled in Medicare but choose to obtain services from a doctor that opts-out of the Medicare program.

When calculating this coverage Plan's Benefits in these situations for administrative convenience, we may, as we determine, treat the Provider's billed charges, rather than the Medicare-approved amount or Medicare limiting charge, as the Allowable Expense for both This Plan and Medicare.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine Benefits payable under This Plan and other Plans. We may get the facts we need from, or give them to, other organizations or persons for the purpose of applying these rules and determining Benefits payable under This Plan and other Plans covering the person claiming Benefits.

We need not tell, or get the consent of, any person to do this. Each person claiming Benefits under This Plan must give us any facts we need to apply those rules and determine Benefits payable. If you do not provide the information Surest needs to apply these rules and determine the Benefits payable, your claim for Benefits may be denied.

Payments Made

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, we may pay that amount to the organization that made the payment. That amount will then be treated as though it were a benefit paid under This Plan. We will not have to pay that amount again. The term "payment made" includes providing benefits in the form of services, in which case "payment made" means reasonable cash value of the benefits provided in the form of services.

Does This Plan Have the Right of Recovery?

If the amount of the payments we made is more than we should have paid under this COB provision, we may recover the excess from one or more of the persons we have paid or for whom we have paid; or any other person or organization that may be responsible for the benefits or services provided for you. The "amount of the payments made" includes the reasonable cash value of any benefits provided in the form of services.

How Are Benefits Paid When This Plan is Secondary to Medicare?

If This Plan is secondary to Medicare, then Benefits payable under This Plan will be based on Medicare's reduced benefits.

11.3 Subrogation, Overpayment and Reimbursement

Subrogation and Refund

A Participant may incur medical expenses due to illness or injuries that may be caused by the act or omission of a Third Party. Also, a Third Party (such as an insurance company) may be responsible for payment on account of the actions of another person or entity. In such circumstances, the Participant may have a claim against the Third Party for payment of medical expenses. Accepting Benefits under the Plan/Surest Plan for those incurred medical expenses automatically assigns to the Plan/Surest Plan any rights the Participant may have to Recoveries from any Third Party up to the full amount of such Benefits. This Subrogation right allows the Plan/Surest Plan to pursue any claim that the Participant has against any Third Party, whether or not the Participant chooses to pursue that claim. The Plan/Surest Plan may make a claim directly against the Third Party, but in any event, the Plan/Surest Plan has an

equitable lien on any amount of the Recovery of the Participant whether or not designated as payment for medical expenses. In addition, each Participant agrees to hold Recoveries in a constructive trust for the benefit of the Plan/Surest Plan. The equitable lien and constructive trust shall remain in effect until the Plan/Surest Plan is repaid in full. In the event that the Participant(s) dies as a result of their injuries and a wrongful death or survivor claim is asserted against a Third Party, the Plan's/Surest Plan's Subrogation and Refund rights shall still apply.

Assignment of Interest and the Plan's/Surest Plan's Recovery Right

The Participant:

- Automatically assigns to the Plan/Surest Plan their rights against any Third Party when this provision applies.
- Must repay to the Plan/Surest Plan the Benefits paid on their behalf out of any Recovery.

Each Participant is individually obligated to comply with the provisions of this section. When a Participant receives or claims Plan/Surest Plan Benefits for an illness or injury caused by another, the Participant agrees to immediately reimburse the Plan/Surest Plan from any Recovery for Benefits paid out by the Plan/Surest Plan.

Make Whole and Common Fund Doctrines Inapplicable

The Plan/Surest Plan expressly disavows and repudiates the make whole doctrine, which, if applicable, would prevent the Plan/Surest Plan from receiving a Recovery unless a Participant has been "made whole" with regard to illness or injury that is the responsibility of a Third Party. The Plan/Surest Plan also expressly disavows and repudiates the common fund doctrine, which, if applicable, would require the Plan/Surest Plan to pay a portion of the attorney fees and costs expended in obtaining a Recovery. These doctrines have no application to the Plan/Surest Plan since the Plan's/Surest Plan's Refund rights apply to the first dollars payable by a Third Party.

Duty to Cooperate

Participants are required to cooperate with the Plan Administrator to effectuate the terms of this section. Specifically, it is the Participant's obligation at all times, both prior to and after payment of medical Benefits by the Plan/Surest Plan:

- To cooperate with the Plan/Surest Plan, or any representatives of the Plan/Surest Plan, in protecting the Plan's/Surest Plan's rights, including discovery, attending depositions, and/or cooperating at trial.
- Provide prompt notice to the Plan/Surest Plan when a claim is made against a party for illness or injury.
- To provide the Plan/Surest Plan with pertinent information regarding the illness, disease, disability, or injury, including accident reports, settlement information, and any other requested additional information.
- To take such action and execute such documents as the Plan/Surest Plan may require to facilitate enforcement of its Subrogation and reimbursement rights.

What Else Do I Need to Know?

- To do nothing to prejudice the Plan's/Surest Plan's rights of Subrogation and Refund.
- To promptly reimburse the Plan/Surest Plan when a Recovery through settlement, judgment, award, or other payment is received.
- To not settle or release, without the prior consent of the Plan/Surest Plan, any claim to the extent that the Participant may have Recovery rights against any Third Party.

If the Participant and/or their attorney fails to reimburse the Plan/Surest Plan for all Benefits paid or to be paid from any Recovery, the Participant will be responsible for any and all expenses (including attorney fees and costs) associated with the Plan's/Surest Plan's attempt to Recover such money from the Participant or a Third Party.

Conditions Precedent to Coverage

The Plan/Surest Plan shall have no obligation whatsoever to pay medical Benefits to a Participant if a Participant refuses to cooperate with the Plan's/Surest Plan's Subrogation and Refund rights or refuses to execute and deliver such papers as the Plan/Surest Plan may require in furtherance of its Subrogation and Refund rights. Further, in the event the Participant is a minor, the Plan/Surest Plan shall have no obligation to pay any medical Benefits incurred on account of illness or injury caused by a Third Party until after the Participant or his or her authorized legal representative obtains valid court recognition and approval of the Plan's/Surest Plan's 100%, first-dollar Subrogation and Refund rights on all Recoveries, as well as approval for the execution of any papers necessary for the enforcement thereof, as described herein.

Other Coverage

When medical payments are available under other coverage, the Plan/Surest Plan shall always be considered secondary to such plans and/or policies. Other coverage shall include, but is not limited to:

- Any primary payer besides the Plan/Surest Plan.
- Any other group health plan.
- Any other coverage or policy covering the Participant.
- Any first-party insurance through medical payment coverage, personal injury protection, no-fault auto insurance coverage, uninsured or underinsured motorist coverage.
- Any policy of insurance from any insurance company or guarantor of a responsible party.
- Any policy of insurance from any insurance company or guarantor of a third party.
- Workers' compensation or other liability insurance company.
- Any other source including crime victim restitution funds, any medical, disability or other benefit payments, and school insurance coverage.

Offset

Failure by a Participant and/or his/her attorney to comply with any of the requirements described in this section may, at the Plan's/Surest Plan's discretion, result in a forfeiture of payment by the Plan/Surest Plan of future medical Benefits, and any funds or Benefits

otherwise payable under the Plan/Surest Plan to or on behalf of the Participant may be withheld until the Participant satisfies his or her obligation.

Defined Terms

The following terms have special meanings for purposes of this section:

- "Recover," "Recovered," "Recovery" or "Recoveries" means all monies paid by a Third Party to, or on behalf of, a Participant by way of judgment, settlement, or otherwise to compensate for all losses caused by an illness or injury, whether or not said monies are characterized as medical expenses covered by the Plan/Surest Plan. "Recoveries" includes, but is not limited to, Recoveries for medical expenses, attorney's fees, costs and expenses, pain and suffering, loss of consortium, wrongful death, lost wages, and any other Recovery of any form of damages or compensation whatsoever.
- "Refund" means repayment to the Plan/Surest Plan for medical Benefits that the Plan/Surest Plan has paid toward care and treatment of an illness or injury suffered by a Participant as the result of acts or omissions of a Third Party. This right of Refund includes Recoveries by a Participant under an uninsured or underinsured motorist insurance policy, homeowner's policy, renter's policy, medical malpractice policy, or any liability insurance policy (each of which will be treated as Third Party coverage under this article).
- "Subrogation" means the Plan's/Surest Plan's right to pursue and place a lien upon the Participant's claims for medical expenses against the other person.
- "Third Party" means any individual or entity (including an insurance company) who is legally obligated to pay a Recovery to, or on behalf of, a Participant.

Erroneous Payments

To the extent payments made by the Plan/Surest Plan with respect to a Participant are in excess of the maximum amount of payment necessary under the terms of the Plan/Surest Plan, the Plan/Surest Plan shall have the right to Recover such payments, to the extent of such excess from any one or more of the following sources, as the Plan/Surest Plan shall determine any person to or with respect to whom such payments are made, or such person's legal representative, any insurance companies, or any other individuals or organizations which the Plan/Surest Plan determines are either responsible for payment or received payment in error, and any future Benefits payable to the Participant.

Excess Insurance

Except as otherwise provided under Section 11.2 (Coordination of Benefits) the following rule applies:

- If there is available, or potentially available, any coverage (including coverage resulting from a judgment at law or settlements), the Benefits under the Plan/Surest Plan shall apply only as an excess over such other sources of coverage, except as otherwise provided for under Section 11.2 (Coordination of Benefits).
- The Plan's/Surest Plan's Benefits shall be excess to:
 - The responsible party, its insurer, or any other sources on behalf of that party.

- Any first party insurance through medical payment coverage, personal injury protection, no-fault auto insurance coverage, uninsured or underinsured motorist coverage.
- Any policy of insurance from any insurance company or guarantor of a Third Party.
- Worker's compensation or other liability insurance company.
- Any other source, including crime victim restitution funds, any medical, disability or other benefit payments and school insurance coverage.

Separation of Funds

Benefits paid by the Plan/Surest Plan, funds Recovered by the Participant(s), and funds held in trust over which the Plan/Surest Plan has an equitable lien exist separately from the property and estate of the Participant(s), such that the death of the Participant(s) or filing of bankruptcy by the Participant(s), will not affect the Plan's/Surest Plan's equitable lien, the funds over which the Plan/Surest Plan has a lien, or the Plan's/Surest Plan's right to Subrogation and reimbursement.

Severability

In the event that any provision of this section is considered invalid or illegal for any reason, said invalidity or illegality shall not affect the remaining provisions of this section and the Plan/Surest Plan. The provision shall be fully severable. The Plan/Surest Plan shall be construed, and provisions enforced as if such invalid or illegal provision had never been inserted in the Plan/Surest Plan.

11.4 Plan Administrator's Responsibilities

Schreiber Foods, Inc. is the Plan Sponsor and Plan Administrator of this Benefit Plan.

The Plan Administrator has the authority and discretion to interpret the Plan's terms and Benefits available under the Plan and to make factual and legal decisions about them. The Plan Administrator has powers and duties of the general administration of this Plan, including the following:

- To administer the Plan in accordance with its terms.
- Interpret this SPD.
- Develop policies, practices, and procedures for this Plan.
- Administer the Plan in accordance with those policies, practices, and procedures.

The Plan Administrator will exercise its discretion and fulfill its responsibilities in accordance with the provisions of ERISA. The Plan Administrator may delegate some of its responsibilities to Surest or to the individuals or entities as appropriate. Surest may make fiduciary decisions in its role as Claims Administrator. It may also make ministerial and non-fiduciary decisions to facilitate Plan administration, including but not limited to, developing, interpreting, and relying upon policies, practices, and procedures for the administration of the Surest Plan, but is not financially responsible for Claims.

The Plan Administrator serves without compensation.

11.5 Other Information About Your Surest Plan

Conformity with Applicable Laws

It is intended that the Plan will conform to the requirements of any applicable federal, state, or local law, regulation, guidance, or the order or judgement of a court of competent jurisdiction, and this Plan will be deemed automatically amended to conform, including without limitation, in the event any law, regulation, guidance, or the order or judgement of a court of competent jurisdiction causes the Plan Administrator to pay claims that are otherwise limited or excluded under this Plan, such payments will be deemed to be in accordance with the terms of the Plan.

Non-Discrimination Policy

This Plan will not discriminate against any Participant based on race, color, religion, national origin, disability, gender, sexual orientation, or age. This Plan will not establish rules for eligibility based on health status, medical condition, Claims experience, receipt of health care, medical history, evidence of insurability, genetic information, or disability.

This Plan intends to be nondiscriminatory and to meet the requirements under applicable provisions of the Internal Revenue Code of 1986 (Code). If the Plan Administrator determines before or during any Plan Year that this Plan may fail to satisfy any nondiscrimination requirement imposed by the Code or any limitation on Benefits provided to highly compensated individuals, the Plan Administrator shall take such action as the Plan Administrator deems appropriate, under rules uniformly applicable to similarly situated covered employees, to ensure compliance with such requirements or limitation.

Mental Health Parity

Pursuant to the Mental Health Parity and Addiction Equity Act of 2008, this Plan applies its terms uniformly and enforces parity between covered health care Benefits and covered mental health and substance disorder Benefits relating to financial cost-sharing restrictions and treatment-duration limitations. For further details, please contact the Plan Administrator.

Newborns' and Mothers' Health Protection Act (NMHPA)

Group health plans and health insurance issuers generally may not, under federal law, restrict Benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, federal law generally does not prohibit the mother's or newborn's attending Provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under federal law, require that a Provider obtain authorization from the Surest Plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Qualified Medical Child Support Order Procedures

The Surest Plan will provide Benefits as required by any qualified medical child support order (QMCSO), as defined in ERISA Section 609(a) or National Medical Support Notice. If the

Surest Plan receives a medical child support order for your child that instructs the Surest Plan to cover the child, the Plan Administrator will review it to determine that it meets the requirements for a QMCSO. If it determines that it does, your child will be enrolled in the Surest Plan as your dependent, and the Surest Plan will be required to pay Benefits as directed by the order.

You may obtain, without charge, a copy of the procedures governing QMCSOs from the Plan Administrator.

Women's Health and Cancer Rights Act of 1998 (WHCRA)

Your Surest Plan, as required by the Women's Health and Cancer Rights Act of 1998, provides Benefits for mastectomy-related services including all stages of reconstruction and surgery to achieve symmetry between the breasts, prostheses, and complications resulting from a mastectomy, including lymphedema.

Genetic Information Nondiscrimination Act of 2008 (GINA)

The Genetic Information Nondiscrimination Act of 2008 (Public Law No. 110-233) prohibits group health plans, issuers of individual health care policies, and employers from discriminating on the basis of genetic information. GINA expands on the provisions in the Health Insurance Portability and Accountability Act of 1996 (HIPAA) in a number of ways:

- Group health plans and health insurers cannot base health care premiums for plans or a group of similarly situated individuals on genetic information.
- Plans and insurers are prohibited from requesting or requiring an individual to undergo a genetic test.
- Plans and insurers are prohibited from collecting genetic information (including family history) prior to or in connection with enrollment, or for underwriting purposes.

Patient Protection Notice

Schreiber Foods: Surest Plan generally allows the designation of a primary care provider. You have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact the plan administrator at Benefits.Surest.com.

For children, you may designate a pediatrician as the primary care provider.

You do not need prior authorization from the Claims Administrator or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in the Claims Administrator's network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact the Claims Administrator at the number on your ID card.

Other Federal Provisions

FAMILY AND MEDICAL LEAVE ACT OF 1993

Partners who are covered under the Plan and who have been granted leave (“Leave”) pursuant to the Family and Medical Leave Act of 1993 (the “Act”) or applicable state law, will have coverage under the Plan for the duration of the Leave at the level and under the conditions coverage would have been provided if the partner had continued in employment continuously for the duration of the Leave.

During a Leave, a Partner’s participation in the Plan may terminate as a result of non-payment of the Partner contribution required in order to participate in the Plan. Upon the eligible Partner’s timely return from Leave as specified by the Employer, the Partner’s coverage under the Plan (including coverage for eligible Dependents if covered under the Plan at the time coverage terminated) will become effective on the date of the eligible Partner’s actual return to work, provided written application to elect coverage under the Plan is made within 30 days of the date the Partner return to work. However, the Plan will not be required to pay for any charges incurred during the period in which coverage was terminated under the Plan. If coverage under the Plan is elected after the time period specified above, the Partner may, in certain instances, be eligible to enroll for coverage under the Plan specified in the Changing Your Coverage provisions of the Plan as described later in this section.

Coverage under Company Policies

Partners who are covered under the Plan and who are considered disabled should consult the local Human Resources Representative for special rules and restrictions regarding continuation of benefit coverage. Partners who are covered under the Plan and are granted temporary leave or light duty work as the result of a work-related injury should consult the local Human Resources Representative for special rules and restrictions regarding continuation of benefit coverage.

Temporary Layoff

If a Partner is laid off by the Employer, coverage may continue during the layoff to a maximum of 60 days from the date on which the layoff began as long as the partner continues to pay their portion of the premium at the regular partner rates. Failure to make timely payments, as determined by the employer, may result in benefit termination. If the Partner does not return to full-time employment within 60 days following the date on which the layoff began or upon expiration of the layoff, whichever is the earlier to occur, coverage under the Plan will terminate. The Partner may, in certain instances, be eligible to continue coverage through the COBRA Continuation Coverage provision.

Severance

If a covered Partner’s employment with the Employer is terminated, and if a written severance agreement executed by the Employer and Partner provides such Partner with coverage under the Plan after termination of employment, then such coverage shall continue for the period specified in the written severance agreement. However, in no event shall coverage extend for

a period of more than 365 days from the date on which the partner terminated employment with the Employer. Such extension of coverage will run concurrently with COBRA coverage unless otherwise agreed upon in writing by the parties.

This group health Plan also complies with the provisions of the:

- Mental Health Parity Act.
- Americans With Disabilities Act, as amended.
- Pediatric Vaccines regulation, whereby an employer will not reduce its coverage for pediatric vaccines below the coverage it provided as of May 1, 1993.
- Employee Retirement Income Security Act regarding coverage of Dependent Children in cases of adoption or Placement for Adoption.
- Medicare Secondary Payer regulations, as amended.
- TRICARE Prohibition Against Incentives and Nondiscrimination Requirements amendments.
- Genetic Information Non-discrimination Act (GINA).

HIPAA ADMINISTRATIVE SIMPLIFICATION MEDICAL PRIVACY AND SECURITY PROVISION

USE AND DISCLOSURE OF PROTECTED HEALTH INFORMATION UNDER HIPAA PRIVACY AND SECURITY REGULATIONS

This Plan will Use a Covered Person's Protected Health Information (PHI) to the extent of and in accordance with the Uses and Disclosures permitted by the Health Insurance Portability and Accountability Act of 1996 (HIPAA). Specifically, this Plan will Use and Disclose a Covered Person's PHI for purposes related to health care Treatment, Payment for health care, and Health Care Operations. Additionally, this Plan will Use and Disclose a Covered Person's PHI as required by law and as permitted by authorization. This section establishes the terms under which the Plan may share a Covered Person's PHI with the Plan Sponsor, and limits the Uses and Disclosures that the Plan Sponsor may make of a Covered Person's PHI.

This Plan will Disclose a Covered Person's PHI to the Plan Sponsor only to the extent necessary for the purposes of the administrative functions of Treatment, Payment for health care, or Health Care Operations.

Prescription drug coverage for members is administered by SmithRx, which is a pharmacy benefits manager. SmithRx provides a nationwide network of participating pharmacies and a drug formulary. Specialty Prescription Drug Products

Specialty prescription drug products supply limits are as written by the provider, up to a consecutive 30-day supply of the specialty prescription drug product, unless adjusted based on the drug manufacturer's packaging size, or based on supply limits. Supply limits apply to specialty prescription drug products obtained at a preferred specialty network pharmacy, or a non-preferred specialty network pharmacy.

If you require certain prescription drug products, we may direct you to a designated pharmacy with whom we have an arrangement to provide those prescription drug products. If you are directed to a designated pharmacy and you choose not to obtain your prescription drug product from the designated pharmacy, your medication may not be covered.

[Access Program]

You are required to participate in SmithRx's Access program in order to receive coverage under the Plan for certain medications ("Access Medications"). Under the Access program, SmithRx will assist you in locating, and applying for, copayment coupons and financial assistance for Access Medications, which may allow you to receive such medications at little to no cost. However, as part of this program, certain specialty prescription drugs are considered non-essential health benefits under the Plan, and any assistance received through the Access program will not count toward your Deductible or out-of-pocket maximum. For a list of Access Medications included in the Access program, please contact SmithRx member services. Copayments for certain Access Medications may be set to the maximum of the current Plan design or to the amount of copayment assistance available through the Access program. The Plan may cover a 60-day grace period for urgent, Medically Necessary Access Medications to allow time to complete the Access Program application/enrollment process.

[Access Plus Program]

Certain high-cost specialty medications ("Access Plus Medications") are covered under the Plan only if you have first tried and failed to obtain any assistance for such medication using SmithRx's Access Plus program. Under the Access Plus program, SmithRx will assist you in applying for assistance for Access Plus Medications through advocacy foundations and grant programs to offset the cost of such drugs. For a list of Access Plus Medications, please contact SmithRx member services. (The absence of a drug from this list does not mean the drug is covered.) The cost of Access Plus Medications that are not covered under the Plan will not be applied toward your Deductible or out-of-pocket maximum. Coverage under the Plan for Access Plus Medications may be available if assistance is not available through the Access Plus program. The Plan may also cover a 60-day grace period for urgent, Medically Necessary Access Plus Medications to allow time to complete the Access Plus program application/enrollment process.
